

Regional Public Health Network Services

OFFICIAL RESPONSES #3 TO VENDOR QUESTIONS RFP-2018-DPHS-01-REGION

No.	Question	Answer
1	I am confused with the most recent Addendum #5 and the points attached to it. Any clarification about how, if you are outside of these regions, you would score them? Should these items be addressed as Not Applicable or just skipped?	Proposals received from bidders serving Public Health Regions OUTSIDE OF MANCHESTER & NASHUA REGIONS will not be scored on this section and should not reference this section in their narratives.
2	I will be submitting the grant application next week and just want to make sure that a Certificate of Good Standing dated June 21 st of 2016 and a Certificate of Vote dated September 22, 2016 are sufficient for this RFP submission. I'm assuming that because both fall within a year of application submission that they are both considered current.	The RFP does not request a Certificate of Good Standing or Certificate of Vote as part of the proposal.
